

Lê Duy Khánh

INFORMATION TECHNOLOGY STUDENT

0367 444 012 | khanhdevs19@gmail.com | github.com/leduykhanhdevs | Tan Binh District, Ho Chi Minh City

PROFESSIONAL SUMMARY

Information Technology student with hands-on web development internship experience and experience leading small project teams. Skilled in responsive interface development, WordPress customization, SQL fundamentals, and technical research. Seeking an entry-level Web Developer or IT Intern role to contribute reliably while continuing to grow as a developer.

EXPERIENCE

360 CORP | Web Development Intern May 2022 - Aug 2022

- Coordinated a small website-development team from requirement analysis through deployment, assigning work and tracking milestones.
- Developed responsive web interfaces and customized WordPress themes and plugins.
- Researched technical documentation and proposed implementation approaches with supervisors.
- Supported website maintenance, testing, and performance and user-experience improvements.
